WEB COPY

Web Copy for Marriott Vacation Packages

Discover a Picture-Perfect Destination in South Carolina.

Travel back in time to a charming barrier island and a world of simple pleasures, exquisite golf and sunny, southern hospitality. Explore miles of lush trails dotted with scenic lagoons. See flocks of seabirds swooping over sandy shores.

Discover chic boutiques and charming island shops. See dolphins up close and watch potters and painters at work in Old Town Bluffton. Savannah is a short drive away but the most memorable drives of all are on the island's stunning golf courses; beautifully designed by the game's preeminent architects who have turned Hilton Head Island into one of the greatest golf destinations in the world.

Escape to the Entertainment Capital of the World.

Leave the real world behind and escape to the glitz and glamour of Las Vegas.

Get out on the Strip and take in a dazzling wonderland of lights, mind-blowing architecture and non-stop entertainment. Try your luck at the tables or the slots and check out a surprisingly long list of spectacular family-friendly attractions.

Las Vegas is like no other city in the world and you'll be right in the middle of it in one of the world's most mesmerizing vacation destinations.

Discover Hawaii's "Garden Island."

Explore a lush, tropical paradise defined by its heavenly beaches, magnificent canyons, spectacular sea cliffs and dreamlike fern grottos. Connect with a natural world that has to be seen to be believed, where green mountains rise straight up from white sand beaches and where emerald valleys provide a showcase for exotic flowers and cascading waterfalls. Marvel at Waimea Canyon, the Grand Canyon of the Pacific. Take a catamaran cruise along the Napali Coast or board a helicopter for a truly unforgettable experience. On golf courses, river cruises and driving excursions around the island, Kauai's majestic beauty is simply beyond compare.

Web copy for Charter Global IT
Charter Global/Industry/Telecom

We're connected to you

Charter Global brings over a decade of end-to-end network management experience within the telecom industry. BROCHURE COPY

Brochure copy for the island of St. Kitts

Take a detour off the beaten path. Discover the peace and quiet, the adventure and romance, the history and the mystery of a Caribbean island like none other. St. Kitts. Slightly southeast of Puerto Rico, in the heart of your most vivid Caribbean dreams.

Brochure copy for Disney Cruise Line

Palo. The spectacular ocean-view restaurant reserved exclusively for adults. Welcome to Palo, a stunning dining room inspired by the Italian birthplace of the ships of Disney Cruise Line. Taking its name from the poles that line the canals of Venice, Palo is an elegant, yet casual setting just for adults. Here, you'll dine on Northern Italian cuisine that can be enjoyed as appetizers or main courses. The specialty of the house is an expansive 270° view of the sea. Romantic vistas are complemented by an open kitchen, espresso bar and wine cellar for a truly delightful meal with not a highchair in sight.

Brochure copy for St. Jude Children's Research Hospital

In this building there is hope. Down these halls, there is conviction. In these labs, there is certainty that the crucial work being done here positively affects the lives of children all over the world. Danny Thomas founded this hospital on the belief that "no child should die in the dawn of life." Today, with the support of companies like yours, St. Jude Children's Research Hospital is the world's preeminent research institution in the area of catastrophic childhood illness. It is a unique place where scientists make groundbreaking advances in the lab, where doctors transform these advances into new patient treatments and where everyone is driven by four words: hope, love, life, cure.

Brochure copy for tech firm EnableSoft

Foxtrot AT is the agile testing tool developed specifically for software testing using EnableSoft's core Foxtrot technology, which can be trained to automate virtually any repetitive task. Foxtrot AT's intuitive drag and drop tools let you create scripts that will fully automate your testing process. Train Foxtrot AT just like you'd train an individual. Create your script step by step and then let Foxtrot AT do its magic. Like an automated QA programmer on steroids Foxtrot AT quickly types text, clicks buttons, copies information and makes logical decisions, never once complaining about the repetitive nature of the task. What may have taken days or weeks with manual testing is reduced to mere hours. Labor costs are slashed, quality improvement soars, and QA staff enjoys a stress-less experience with no need for coding, software programming, GUI mapping or API.

Brochure copy for Hawaiian Electric

Power has its price. And Hawaii's people pay a premium for it. We pay more per kilowatt-hour to cook, to cool, to wash and dry, toast and blend, refrigerate and illuminate, than almost anyplace else in the country. Hawaiian Electric would like to shed some light on the reasons why.

CATALOG COPY

SALES LETTER COPY

Sales letter for IBM

Dear _____

Imagine being able to know exactly what's going on with your total IT infrastructure in real time. Imagine nipping problems in the bud and pinpointing issues before end users are ever aware of them.

There's a way to have this kind of power and it starts with IBM Tivoli OMEGAMON XE for Distributed Environments, a dynamic suite of performance monitoring solutions that put you in total control of your systems and applications. Now you'll be able to:

- Find and fix problems quickly while viewing conditions across your distributed environment.
- Actually prevent problems by using historical reports to identify trends and take early action.
- Monitor the status of all systems, subsystems and applications with one powerful product.

IBM Tivoli OMEGAMON XE for Distributed Environments helps find, analyze, resolve --- and ultimately prevent- problems that can threaten mission critical business services. In real-time, you're monitoring performance, making intelligent decisions and identifying potential problems faster than ever.

There was a time when you had to wait for phone calls before being aware of performance and availability issues; when you were aware of irregular system behavior but couldn't identify the root cause. There was a time when the complexity of distributed systems put enormous pressure on IT professionals to find and fix problems.

Those times can be a thing of the past for you and for your company. Join the IT professionals who have discovered the power of IBM Tivoli OMEGAMON XE for Distributed Environments. Real-time monitoring that helps you find and fix problems so everything stays up and running at peak performance.

Find out more about the full suite of easy to use, easy to install solutions at www.ibm.com/software/tivoli/partners. Or call me at ____-____-____.

P.S. OMEGAMON XE can be installed right onto your laptop giving you the power to monitor your entire distributed system in real time wherever and whenever you like.
